

U. of C. Game On Maui Is Uncertain

STANDING OF TEAMS.

	Played	W.	L.	Pct.
Wailuku	3	3	0	1.000
Puunene	3	1	2	.333
C. A. C.	2	0	2	.000

By winning from the Puunenes last Sunday, the Wailuku team added another victory to its unbroken record since the present series began. The game was well played, but was a shut out for the Puunenes. Wailuku made a run in each of the first two frames, and failed to score again until the 9th when three men went in on a hot grounder between 2nd and short. Cockett stole his way in from 1st in the 2nd inning, having been walked to first. Soares and Maxwell scored 2-base hits. Scholtz struck out 8 men for Puunene to Meyers' 7. He also walked 8 men while Meyers passed 7.

CALIFORNIA MAY NOT COME.

It now looks less promising for securing a visit from the California University team. This is due to the fact that the Coast players will not arrive as soon as expected, but will reach Honolulu just in time to begin the series as per schedule. If the team comes to Maui at all it will be immediately after the Fourth of July, after their Honolulu games are finished.

There was no game of the Juniors last Sunday.

Supervisors Act on Water Ordinance

The board of supervisors held a brief session on Monday afternoon, the principal business transacted being the passing of the new water works ordinance to print. Instead of three ordinances one each for Makawao, Wailuku, and Lahaina systems as at first intended, all three are now embodied in one ordinance. The full draft of the proposed ordinance appears under the "By Authority" head in this issue. The regular monthly session of the board will be held beginning next Wednesday.

Maui Furnishes Punahou Talent

Two clever stories in the last issue of the Junior Oahuan, written by Wailuku girls, have been noted with much interest by their friends on this island. One is entitled "The Story of the Hermit," and is the work of Miss Mabel Wilcox. The other is a Hawaiian romance, of rather tragic type, captioned, "The Fate of Kaoo," and signed "V. K. K." which is understood to be the short for Miss Momi Keola. Both girls are members of the Punahou Academy class of 1915.

Rough Sea at Lahaina

An unusually heavy surf at Lahaina prevented boats from landing at that port during the early part of the week. Last Saturday the boat steamer on one of the Mauna Kea's boats was washed off into the breakers and it was with the greatest difficulty that a landing was effected. Passengers in the boat, including women, were drenched, and the boat nearly filled with water. Passenger and mails for the Mauna Kea on Monday night, had to be held over for the Claudine from Kahului on Wednesday.

Girl's School to Entertain

Much energetic work is being done in preparation for the entertainment to be given on June 26 and 27 in St. Anthony's Girls' School. This will be the first entertainment in the school, and it promises to be one of unusual merit. A program of cantatas, drills, marches, songs and dialogues is being rehearsed, and with the splendid stage equipment available the production is sure to be most effective. The entertainment is under the auspices of the Catholic Ladies' Aid Society, and the proceeds are for the benefit of the school.

Wet Month in Makawao

According to information furnished the News, the rainfall in the Makawao district during the month of May has been extraordinarily heavy. The rain gauge at the Haleakala Ranch recorded 8.25 inches, while the average for this station for a period of 30 years has been but a fraction over 2 inches for the month of May. At Kailiili, farther up the mountain, over 24 inches of rain fell during the month.

A Rather Novel Complaint.
An English traveler once met a companion sitting in a state of the most woeful despair and apparently near the last agonies by the side of one of the mountain lakes of Switzerland. He inquired the cause of his sufferings. "Oh," said the latter, "I was very hot and thirsty and took a large draft of the clear water of the lake and then sat down on this stone to consult my guidebook. To my astonishment, I found that the water of this lake is very poisonous! Oh, I am a gone man! I feel it running all over me. I have only a few minutes to live. Remember me to"—

"Let me see the guidebook," said his friend. Turning to the passage, he found, "L'eau du lac est bien poisonneuse" (The water of this lake abounds in fish).

"Is that the meaning of it?"

"Certainly."

The dying man looked up with a radiant countenance.

"What would have become of you," said his friend, "if I had not met you?"

"I should have died of imperfect knowledge of the French language."

RED CROWN Gasoline is STANDARD OIL Gasoline

Red Crown is in no sense a new grade or manufacture of gasoline. It is the same product which automobilists have known and relied on for years as "Standard Oil Gas." We have always called it Red Crown and now we wish you to know it by that name.

If you purchase Red Crown you are sure of obtaining a thoroughly uniform, reliable gasoline—not a "mixture" but a straight product of refining—the best gasoline the Standard Oil Company can make.

Red Crown signs are furnished to all dealers handling Red Crown Gasoline. Watch for the Sign or ask our nearest agency about delivery in bulk.
